The Latest Copperhead Ruse.

Any low trick in politics with which the Copperhead party is unfamiliar, and to which they will not resort in order to accomplish their purposes, is not worth the attention of anybody else. The latest ruse adopted to secure Union votes for McClellan is a repetition of the trick played on the Northern members of the Know Nothing party in 1856. Then those who are now the most violent secessionists were members of the Know Nothing organization, bitter in their denunciation of James Buchanan, and loud in their professions of attachment to Millard Fillmore. John C. Fremont was not, they solemnly protested, at all to be feared, and they thus induced many unreflecting Republicans to join their wigwams, and cast their votes for Fillmore. By dint of hypocritical enthusiasm, they kept up the excitement of the Republicans for Fillmore, when they quietly voted for Buchanan, and it was only when the votes were counted, that the scales fell from the eyes of the poor deluded victims of the Democratic dodge.

The telegrams from the East announce the "mortification and madness" of the Northern traitors at McClellan's letter of acceptance. The New York *News*, in particular, is "down on the war candidate," and urges the re-calling of the Chicago Convention to repudiate their accepted standard bearer, and select another. Among the leaders of the Democratic party, and the members of the modern "order of American Knights," this is clearly understood, and while deluded Union men rejoice at the good fortune of the Democratic party in getting rid of such an incubus as "the peace element," the cunning plotters in aid of rebellion are laughing in their sleeves at the gullibility of the "d—d abolitionists who call themselves war Democrats." The invectives of the copperheads are admirably calculated to rally around the standard of McClellan the sore-headed and the simple-minded of the Union party—those who believe all the lies uttered through treasonable mediums against the Administration of Mr. Lincoln—and this is the great aim to be accomplished by the denunciations of his copperhead friends in the other. No man in the whole United States would be as acceptable to the New York *News* as this same McClellan, whom they "denounce"; but the paper being already identified with the interests of treason, their open advocacy of his election would drive from his support the very men upon whom they depend, and place his defeat beyond a peradventure. They realize the necessity of weakening Mr. Lincoln's vote as much as possible by the withdrawal from his support of Union men and transferring them to little Mac; but before the election the thin veil will be torn from their motives. McClellan will receive only the copperhead vote, while Abraham Lincoln will carry every State in the Union by the largest vote ever given a candidate.

IS IT TRUE?—A correspondent who has spent some eight months at Fort Stevens—on Point Adams—complains bitterly of the disloyal sentiment pervading the hands engaged on that Government work, and intimates that it is unsafe for a known loyal man to remain there. He says it is a good place to work, the wages are good, and there are ample numbers of honest laboring Union men in Oregon who would be glad to have employment about the fortifications if they could be unmolested by treasonable utterances. If, as is represented, copperheads and traitors from Victoria, and men who have shuffled away from home to escape the draft, are employed there in such numbers that only fourteen Union votes were polled at the last election by 150 men, it is high time it was known, and proper steps taken to ascertain precisely where the fault lies. Important Government fortifications cannot be thoroughly built by men who are disloyal in times like these. England and France would recognize the independence of the South very readily if they supposed Jeff. Davis could furnish the laborers on our public defences.

THE STATESMAN'S PORTLAND CORRESPONDENT.—We have good reason to believe, from the ignorance and vindictive malice displayed by said correspondent in his letter of the 11th, that he cannot be a resident of Portland; if he is, his evident *petite insinuation* as to a "clique in Portland," is so well known to himself that we do not wonder he is ashamed to sign his own name. It is well known to every observing man that the reason that Portland has not succeeded better in its aspirations is that they can never get four persons to act in concert, consequently he must be some *very "Bad Genius"* from some other place. We trust this correspondent will give the names of this "Portland clique," and at the same time sign his own name to vouch for the truth of his assertions.

MONEY LOST ON THE WRECKED STEAMER WASHOE.—The Sacramento *Union* of the 10th says that a few minutes after Van Landingham, late of Salem, was carried from the wreck, he requested J. M. Bardwell to go to his stateroom, No. 1, and see if he could recover his black vest, which, he said contained a pocket-book with checks for the sum of $3,000, and also $1,000 in gold coin, as he wanted it saved for his children, as his wife was killed. Bardwell did not like to do it, as he was not an officer of the boat; but he went back to the room, and found it so badly damaged that he was unable to find the vest. Captain Kidd was informed of the fact and promised to look after it, but we have not heard yet of its recovery.

MEETING OF THE OREGON PRESBYTERY.—The Presbytery of Oregon will meet at Brownsville on the 19th inst., at 3 P. M., for the purpose of receiving Rev. Richard Wylie into membership with the Presbytery, and to arrange for his installation as Pastor of the church at Corvallis.

SPECIAL DISPATCHES TO THE DAILY OREGONIAN.

LATER FROM THE EAST.

Dates to September 14.

CHICAGO, Sept. 13.—The most destructive fire that ever occurred in Chicago took place yesterday morning, destroying nearly two hundred thousand dollars worth of property on Lake street and Commercial Avenue. A large number of families have been rendered homeless.

LOUISVILLE, KY., Sept. 13.—The upward train from Bardstown was captured by sixteen guerrillas under Magruder, who destroyed the locomotive, burned one car and robbed the passengers.

NEW YORK, Sept. 13.—The *Commercial's* special says:

Governor Andrew, of Massachusetts, who has arrived here, has given in his adhesion to Lincoln without reservation.

One of Grant's staff officers, just arrived, reports the condition of the army improving vastily. Lee cannot attack with any effect and Early returns, and Sheridan holds him so closely he cannot fall back without great disaster.

The Richmond *Examiner*, of the 5th says:

Grant has massed a great many troops on the railroad two miles south of Petersburg, and has within the last ten days pushed his left a quarter of a mile in advance, west of the railroad, and will, at an early day, make a grand burst and try to reach the Southside of the railroad at a point near the town. This is to be his next grand movement.

The *Tribune's* special says:

Information deemed trustworthy has been received to the effect that Fremont has placed a letter of withdrawal in the hands of friends who will make it public in proper time and that before long.

PITTSBURG, Sept. 13.—Ex-Governor William Bigler has been nominated for Congress by the Democrats of Clearfield county.

W. W. Ketchum was nominated for Congress by the Union party in the 12th district, Galusha A. Grow having declined.

NEW YORK, Sept. 14.—The draft has been ordered to commence in the twelfth and thirteenth districts.

A Washington dispatch of the 12th says the draft has been ordered to commence in Ohio and other States where the quota has not been filled by the 19th.

AUGUSTA, ME., Sept. 13.—We have carried the State by the largest majority ever thrown by any party in the gubernatorial election, possibly reaching 20,000. We have all the Congressional districts by an immense majority, and five sixths of both branches of the Legislature. J. G. Blair, Chairman of the Committee.

Park Benjamin died in this city last night aged 51.

NEW YORK, Sept. 14.—The *Herald's* dispatches from Shenandoah Valley represents the enemy as having weakened his lines to the left of our forces, and is massing towards the Potomac fords, which are at present impassable on account of rains.

The troops whose time has expired are re-enlisting, not singly but by regiments.

Another *Herald's* dispatch of the 13th says: Another movement has been made. The enemy seems to be retiring. Averill is close upon his rear, and the indications are that we will have another fight, as Averill has reached the enemy's rear infantry line.

The Charleston *Courier* of the 10th says a torpedo floated down on a barge toward Fort Sumter on the night of the 29th and exploded within 30 feet of the west face of the fort, doing no damage whatever.

The Richmond correspondent of the Charleston *Mercury* of the 29th of August, says the rebel soldiers are suffering from swelled feet, in consequence of standing in water in the trenches. Fever and ague also very prevalent in the rebel army.

The Charleston *Courier* of the 3d has strong articles against a cessation of hostilities, which it says the North is much in need of to strengthen its armies, and the war power; yet the same issue contains an article which closes as follows:

War contains in itself every woe and calamity that mortals groan under. With it comes bereavement and poverty, disease, death, rapine, devastation, extortion, murder and crimes of every description, all woes in every shape and size. May the God of peace turn His face upon us and grant us peace.

ST. LOUIS, Sept. 14.—Orders by the dispatch boat, which arrived at Cairo yesterday report that 1,500 rebels had concentrated at the mouth of the Red river.

ROSSEAU'S HEADQUARTERS, Nashville and Murfreesboro Railroad, Sept. 13.—Pennsylvania Cavalry, numbering 250 men, surprised Dibbell's brigade, 2,000 strong, at Readyville yesterday, killing and wounding many and capturing 120 prisoners. Our loss is one killed, two wounded and four missing. To-day the Railroad was torn up at the Belle Buckle, damage trifling. The bridge at Stearns' creek, the only one injured by Wheeler is rebuilt. The railroad is in good running order from Murfreesboro to Chattanooga. Trains left this morning with mails for Atlanta. The rebels are retreating for McMinnville. Signed VAN CLEAVE.

BALTIMORE, Sept. 12.—A special from Harper's Ferry to-day says: There is no change in the position of the military. Working parties re-commenced work on the Baltimore and Ohio Railroad this morning and expect to have it again in running order about Friday.

FORTRESS MONROE, Sept. 12.—The steamer *Fawn*, running between Norfolk and North Carolina, was captured yesterday on the Dismal Swamp Canal by rebel raiders.

A special dispatch to the *Herald*, dated Washington, Sep. 12th, says that no decision has yet been arrived at in regard to the proposition for the hundred million loan made by European capitalists. It may still be under advisement, until action of Congress is taken upon it, although without any apparent cause. A number of bids to the Secretary for the $310,000,000 loan contained requests that, if not accepted, they should be applied to 7.30's.

NEW YORK, Sept. 14.—The Washington *Union* of the 10th, says Greeley has again entered into correspondence with Sanders, assuring him that Commissioners will be, or be sent, if desired by Clay and Holcomb to Richmond to negotiate for peace without conditions or dictation.

The Richmond *Enquirer* of the 8th has a marked editorial in which it looks for peace—a lasting and permanent peace—on Calhoun's doctrine, that the executive department of the Federal Government should be reposed in two parts instead of one.

The *Tribune's* special Washington correspondent says, Col. Dana, of the 14th Pennsylvania, has just returned from under fire at Charleston. He reports that Sumter is rapidly settling, and it is believed that in a very short time the water will enter the lower tier of embrasures. The fact that this fortification was erected upon quite a thin point of land is well known to our engineers.

PORTLAND, ME., Sept. 13.—There is a majority of 3,175 for the Union party in 51 towns: a gain of 684 over last year. 95 towns give a Congressional Union majority of 9,168. This vote includes a little over four-tenths of the State. The total Congressional Union majority is from 18,000 to 20,000. The Counties are all undoubtedly Republican. Senators, county officers and representatives stand about the same as last year: 21 Union to 26 opposition.

The amendment to the Constitution permitting soldiers to vote will be carried almost unanimously.

BURLINGTON, VT., Sept. 13.—Returns from 182 towns puts Smith's majority at 21,818. Returns from 210 towns show the election to be 231 Union and 20 Democrats in the House of Representatives, and the Senate is unanimously Union.

SAN FRANCISCO, Sept. 16.—Private dispatches of the 10th quote gold at 221 @ 219; on the 12th 223 @ 226; on the 13th 219.

Greenbacks firm at 45.

SAN FRANCISCO, Sept. 16.—The list of killed by the *Washoe* disaster now foots up fifty-four. A list of the badly injured and still living numbers 19; the slightly injured 23; uninjured 42. Total 138. The lowest estimate of the number on board the *Washoe* was 153 passengers, 29 officers and crew, leaving unaccounted for 21. If, as Capt. Kidd believes, there were 200 passengers on board, the number of missing is of course still greater.

A coach of the California Stage Company containing 17 passengers upset yesterday two miles from Grass Valley, on the Sacramento road, injuring [illegible] on the bar. Five or six of the passengers were seriously injured.

The *Golden City*, with New York passengers and mails of 25th, arrived at 11 o'clock to-day. The *Panama*, from Crescent City yesterday, brought 120 passengers.

Markets—Fitting Oregon wheat ex Falkinburg, sold at $40; bran, same vessel, sold at 45 per ton; barley, new, 3.50 @ 3.75—choice old held at 3.50; oats, 2.75 @ 3. Oil in oats and barley light supply. Hay, hides in request at 11½ @ 12; potatoes scarce, 3½ @ 4—choice 3¾; sweet potatoes 2½.

Legislative Proceedings.

SALEM, Sept. 15th.—Nothing important to-day. Both Houses adjourned till Tuesday morning. Phenomenal work. The Committees to sit during adjournment. Committees of both Houses appointed to visit the Insane Asylum, at Penitentiary started this afternoon. Notices given of many new bills, and several bills introduced and read in the House and one in the Senate.

DESCRIPTION OF THE TALLAHASSEE.—The N. Y. *Herald*, of the 16th August, says:

The privateer *Tallahassee* is an iron steamer, painted white, with two smokestacks, two screws, about 230 feet in length, 30 feet beam, and draws about 9 feet of water. Her bell is marked "*Tallahassee*, of London, 1864." Engine marked [illegible] W. [illegible], London. She is fore-and-aft schooner rigged; mounts three guns, one small, one on the topgallant forecastle, a long 32-pounder amidships, and a 24-pounder aft. She carries four masts. Her crew consists of about 120 persons, including the officers. Most of them are represented on board, must whom are said to be soldiers from Lee's army. She is said to have run out of Wilmington about six days ago, without having been seen by any of Admiral Lee's blockaders. She has quite a quantity of cotton on board to protect her boilers, and there are four barrels of turpentine on board to be used in firing vessels. She is commanded by John Taylor Wood, C. S. N. The Surgeon is Shepardson, says he was one of the *Alabama's* pirates. A Mr. Hall is the boarding officer. The crew are dressed in rags and tatters. Some of them wear their pistols tied to them with Manila rope yarns. They are a hard looking set. The Chief Engineer says he is a Boston man, of that he was born and brought up in that city. The last seen of the privateer she was steering southeast with the pilot-boat *James Funk* in tow as tender. All of the officers and crews of the vessels captured by the privateer were paroled and signed a document promising not to take up arms against the rebels until regularly exchanged. The following is a copy of the form of parole signed. These poor fellows, who have lost everything they had, can at least console themselves with the fact that, being prisoners of war, they cannot be drafted:

C. S. STEAMER TALLAHASSEE, AT SEA,
August 11, 1864.
Lat. 40 N., long. 72.27 W.

I, B. H., do agree, in consideration of being released as a prisoner of war by Commander John Taylor Wood, C. S. N., not to take up arms or serve against the Confederate States of America, either by land or sea, until regularly exchanged.

Witness—William Sheppardson, C. S. N. Surgeon; [illegible] Jones, C. S. N.

FROM IDAHO.—We glean the following items from the Idaho *Statesman* of Sept. 10th:

FIRE AT IDAHO CITY.—The Bear Run saw-mills were burned on Wednesday last, together with a large amount of lumber. The fire was first discovered in the roof of the building about 4 o'clock in the morning, but too late to be of any use, and is supposed to have originated by sparks falling among the cinders on the roof. Loss, about $12,000. We understand it is the intention of the owners, Messrs. Robie & Bush, to rebuild it immediately.

Report has it that there was a man killed on Thursday at Pioneer City, but we could learn no particulars.

A Baptist Church was organized at Idaho City, on the 3d inst., the Rev. H. Hamilton pastor. Mr. H. proposes to organize a church in this city shortly.

Main street was two or three times yesterday blocked full of immigrant wagons. The largest share of them are going on to Washington and Oregon. Still, this city and valley are filling up.

Ice was formed at Centerville one-eighth of an inch thick, last Saturday night. So at Moore's Creek, below Idaho City. In this valley the frost was hardly severe enough to stop the growth of vines, except in a few places. It is warm enough since.

Several families have recently moved down out of the Basin, and located at this place within the last few days.

Mr. Kenyon, U. S. Marshal, has completed the census of Owyhee county, and returned from there on Monday last. He kindly furnishes us with the following figures:

Voters	1180
Non-voters	75
Females, eighteen and over	160
Children under eighteen	[illegible]
Total	1785

Mr. Dodfish, Deputy U. S. Marshall, has completed the census of Boise precinct which gives the following result:

Voters	541
Non-voters	595
Females, eighteen and over	204
Children under eighteen	318
Total	1658

This includes none but those who have permanently located here.

THE COPPER SPIRIT.—In too many cases newspapers claiming a hearty devotion to the Union cause impair their usefulness and provoke ridicule by constantly attacking cotemporaries of whose success they may chance to be jealous. To the attention and imitation of such we commend the subjoined from a cotemporary:

The Marysville *Appeal* says that "the good Union paper will open old sores." Then it is probable that the *Appeal* will not insist on the revival of its old and very unprofitable jar with the *Flag*—an ancient grudge which has cost that excellent paper much thought and a good deal of rubbing injured parts.—*Flag*.

We have never laid awake of nights on account of the *Flag*—we have no old or new grudges—we have never rubbed "our parts"—we wish no new controversy—and are perfectly willing to bury the hatchet and shake hands with the *Flag*. Now then that it is settled, give the Copperheads the biggest shot from your 300-pounder, and let the Union papers take their own course.—*Appeal*.

TO CORRESPONDENTS.—We are in receipt of a number of communications from different sources which the crowded state of our columns keep in the editor's drawer. Many of them although interesting and well written, are of such length that it will be impossible for us to give them room, unless to the exclusion of other and more important current matter. Correspondents should remember that "brevity is the soul of wit," and that a newspaper, in justice to its patrons, should devote its space to news rather than sentiment. Write short, pithy communications, and they will not only "see daylight," but they will be read.

AUBURN POST-OFFICE.—We have received a communication from Wm. F. McCrary, Postmaster at Auburn, requesting us to correct an error published in a telegraphic dispatch recently, to the effect that the office had been discontinued. This the correspondent says is a detriment to the interests of some 2,000 persons, whose mail matter is received through the Auburn Post-Office. It is now the only office between La Grande and Boise City. We make the correction with pleasure, and thank Mr. McCrary for the opportunity of so doing.

PERSONAL.—The *Pacific Christian Advocate* appears this week with a graceful and happy greeting from its new editor—Rev. H. C. Benson. From the "platform" laid down, the editor will pursue a liberal course toward other evangelical denominations, and "rejoice to record the successes of all Christian people." The following paragraph we quote entire:

With politicians and parties, in the popular sense, we shall have little to do. But we may not—dare not—ignore patriotism. Duty to our country is inseparable from duty to God. Our obligations as civil life are heavenly-ordained. A good Christian cannot be a delinquent citizen.

HARBISON TOOMBS.—The Louisville *Journal* says:

When Toombs, years ago, boasted that he would call the roll of his slaves at the foot of Bunker Hill, he little thought that they would be recruited before hand by a Governor of Massachusetts. The Albany *Argus* says Governor Andrew does this work of Toombs by proxy, and calls the list of Sambos and Cuffees he has just purchased by bounties in the rebel States.

GOOD PLACE TO RESIDE.—It is said that water for drinking and culinary purposes now commands 12½ cents per pail full, at Victoria, Vancouver's Island.

FROM THE CAPITAL.

SPECIAL CORRESPONDENCE OF THE DAILY OREGONIAN.

SENATOR WILLIAMS' SPEECH.

Being called upon the evening after the Senatorial election, Judge Williams appeared, and through a copy of the Oregonian [illegible] returned his acknowledgments to the Legislature for the honored influence of [illegible] and important [illegible].

He also returned his acknowledgments to many ladies and others, who, disregarding the calumnies that had sought to attack his private character and his public life, had given him their steadfast friendship and support. He would always remember them, and would be ungrateful for any [illegible] their names engraved upon the tablet of his memory, and to the [illegible] that the lowest of this class towards the Union men of Oregon, he would say to them that he would never betray their trust. He was proud to be a Senator in this election, honored by the people of Oregon with the gift of an office that had been sought for and held by the greatest and most honored of the land.

He received the announcement of his election with mingled feelings of pleasure and apprehension, distrusting his own ability to sustain the weighty part assigned to him, for he fully appreciated the responsibilities devolving upon him in being called upon to assist in the government of our country in her present time of national difficulty.

The act that created him U. S. Senator was done and could not be undone, and with nothing to ask and nothing to fear he wanted to give to the Union party of Oregon the assurance that he was with them and knew no other. Some favored the revival of the old Democratic party, but it never could be consummated; they could never rightfully or successfully claim the name of Democracy when everything principle was wanting. He was for the Union—knew no terms—no compromises—no measures to be put forth but the suppression of the rebellion by all the powers of the Government, and he should advise the prosecution of this war by every means known in civilized conflict, until the war was ended by the surrender of every rebel in arms against the Government.

He believed there was an irrepressible conflict existing between slavery and free government, and the institution of slavery was incompatible with our existence as a nation.

He should go to Washington prepared to aid and sustain President Lincoln, who he believed would also certainly be our next President, in his efforts to carry on the Government. He approved his course, and should stand by him until this war was ended, and until every man, woman and child upon the soil of America could lift their eyes to Heaven and to the Stars and Stripes and be free.

THE NEW CONSTITUTION OF LOUISIANA.—The new Constitution of Louisiana is published in the New Orleans *Era* of July 25th. It is divided into 154 articles, under fourteen titles, and, like other Western States, provides for the election of Governor once in four years only, and representatives biennially. The Judges are to be appointed by the Governor and Senate. The Constitution of 1852 is superseded, and all causes in litigation transferred to courts under the new Constitution. One title is specially devoted to the Government of the city of New Orleans. In case of the insolvency of a bank its bill holders shall have preference of other creditors. Ignorance of any language other than the English is to be no disqualification for office. Taxation is to be equal and uniform, and an income tax is authorized; also an excise for professions. A department of internal improvements is provided under charge of a State Engineer, and the State may be districted for Commissioners of Improvements. No appropriation can be granted for private schools, but legislative aid must be given to the public schools. The vote on the adoption of the Constitution was to be taken on the first Monday of the present month of September.

STEAM COMMUNICATION WITH VICTORIA.—The propeller "*Jenny Jones*," Capt. Jones, is now about ready to travel by steam, and may be expected to make her first trip from Victoria to Portland as a packet this week.

Josh Billings says that "A man who will chaw turbacker will drink sody kruse rum; and a man who will drink sody kruse rum will go to the devil; and a man that will go to the devil is mean enuff to do enything."

Women require more sleep than men, and farmers less than those engaged in any other occupation. Editors, reporters, printers, and telegraph operators, need no sleep at all. Lawyers can sleep as much as they choose—it will keep them out of mischief.

Oregon State Sanitary Fair.

To the Citizens of Oregon:

It is proposed to hold a Sanitary Fair at Salem, during the State Fair commencing on the 27th of September next. In view of the urgent necessity of the Sanitary Cause, and the briefness of the time allowed to make preparations, it is urgently hoped that every friend of humanity, and every lover of his country residing in Oregon, will respond to this call.

We cannot to those at a distance, that ample room and shelter will be provided for all their contributions.

In suggesting these committees we presume that some will be unable to act; to all such we would say, procure a substitute; and should there be sections of country where no committees have been appointed, individuals will please act for themselves, and come to the Fair, and so that their donations are on hand, so that no section of country will be unrepresented.

Oregon has heretofore responded nobly to these calls of humanity, and now is no time to fail or falter, while every telegram brings the sad news of brave men fallen, and the work of carnage and death still going on; shall we, while peace and plenty falls to our lot, forget our bleeding country?

To the Ladies of Oregon, we most especially plead, knowing full well that if we have their united support, success will crown our efforts. From every woman in the State we crave some article of handiwork. Every description of ornamental work which busy fingers linger with your fancy, in the long list of knitting, from a pair of socks to the most elaborate shawl; in needle work, from the baby's bib to the finest dress; in clothing, for men, women and children, but the variety is so complete that no want may be unsupplied. Every article of female handiwork that will bring enough to pay for time and material.

To the farmers, we look for help; let your offerings be as generous as your hearts, and as a kitchen will be one important feature of the Fair, nothing will be amiss, whether from the products of the soil, your dairy or your cattle.

From the merchant and manufacturer, miner and business man, let us have a sample of his wares, or the work of his hands; so that our young State may be fully represented in all her growing wealth and greatness.

The County Committees, whose names are below, are requested to solicit and receive contributions, and arrange for their being forwarded to Salem at the proper time. It is desired that the County Committees should appoint subcommittees to aid them in their work; each member or committee receiving if they cannot act themselves to endeavor to procure substitutes, so that there may be neither neglect nor delay in making the necessary arrangements.

All organized Sanitary Aid Societies are invited to give this matter their especial attention.

Board Managers Marion Co. San. Aid Soc'y.

To the Loyal Men and Women of Oregon:

Many of the patriot Ladies in different parts of the State, have expressed to me a wish to be permitted to hold a Sanitary Fair on the grounds of the State Agricultural Society, near Salem, during the continuance of the State Fair, commencing on the 27th of September. I have not deemed it necessary to call a meeting of the Board of Managers for the purpose of having it considered. I am very sure I do but express the sentiments of those with whom I have the honor to be officially associated, when I say, that it is with pleasure that they yield to the wishes of these great-hearted women.

BOILS.

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be, from that time to the present, the most troublesome and painful of visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now, is it not best at once to purify the system? Do you ask what will do this? We answer, Scovill's Blood and Liver Syrup. It is curing humors in every form, and there is not a State in the Union where it has not accomplished the most astonishing cures. THE CITY BUSINESS.—The business of this city is gradually spreading out in every direction, and it is no uncommon thing to meet with handsome stores well stocked with goods, in localities that last year at this time were considered "back streets." Very numerous trades are now carried on with remunerative profits where it would have been sheer folly to think of anything of the kind at that period. All the places that can be made available on Front and First streets are speedily occupied, and some of the rents asked are enormous, when compared to the terms of three years ago. Then an elegant brick building could be obtained at nearly the same rates now necessary to secure a frame tenement equally as eligible. At no point in the city has there been more rapid strides made in improvements and the opening up of branches in general business, than at the northern extremity of Front street. A locality that two years ago would have been considered an ample field to starve in, is to-day converted into the most active and stirring business. The south part of the same street is also a thriving locality, and a walk in that direction is sufficient to satisfy the most inveterate croaker that we are not mistaken in our ideas of the progress of Portland. Farmer's rooms literally line that part of the city every day making it virtually the "head of supplies." But we are not to stop this year, and it is known the ensuing season there will be quite as many buildings constructed, and as great an increase in trade, as there has been this season.

RELIGIOUS APPOINTMENTS.—Rev. A. Myers of the Evangelical Lutheran Church, will preach in the Presbyterian Church, in this city, to-morrow afternoon at 2½ o'clock. All Lutherans, and persons in sympathy with the Lutheran Church, are earnestly invited to attend.

Rev. C. H. Hobson, D. D., is announced to deliver the dedicatory sermon at the dedication of the new M. E. Church edifice, east of this city to-morrow forenoon.

There will be preaching in the German language, at the Court House in this city, at the usual time in the forenoon.

A PICTURESQUE SCENE.—Very soon after the arrival of the steamer *Wilson G. Hunt* from the Cascades last evening, a lovely and picturesque scene was exhibited on our river, in front of the city, and would adorn the canvass of any scientific painter. The steamer had landed a little train of emigrants, with their oxen and wagons, and some of them were crossing the river in quest of a camp, when a new propeller came down from the opposite direction pushing a barge which was also loaded with cattle "in the yoke," and covered wagons. The stillness of the evening, the calmness of the river, the rough piling on the bank, etc., all blended to harmonize the scene, and make up a beautiful background for the picture of our hopes.

[illegible] SILKS.—An extraordinary amount of sticky kegs of molasses were carted up from the steamer wharf yesterday and filed in rows in front of various stores on the side-walks, and a number of ladies find their street dresses spoiled in consequence. A lady who has suffered the tortures of seeing a handsome dress and cloak spoiled in her efforts to pass a place of that kind, wishes us to declare the practice of merchants in that particular a great injustice—and we so declare. Further, the man who is so careless when receiving goods as not to provide against difficulties of this nature, does not deserve the patronage of the ladies.

"SOLD!"—An amusing incident is related as occurring on Front street quite recently, showing the strategy of some farmers in running the blockade, with their wagon loads of produce. A drain of half a dozen teams drove in with large play-cards set up on sticks in the wagons, with the inscription—"Sold" plainly written upon them. At every advance of the "home guard" a loose wag of the driver's head compelled a retreat, and the wagons filed on into the centre of the city.

THE NEW FERRY.—The long talked of new ferry boat of Col. Brush is at length so far completed as to be advanced in order for trips on Monday next. The Oregon Iron Works have placed a very nicely finished boiler on the boat within a few days past, and it is furnished with steam for a 30-horse power engine built at Oregon City, and formerly used in the Western country. With this machinery the new boat will be quite an institution, nearly eclipsing the favorite of the Wauhee-sized road, the *Milwaukie*.

A HEN THAT TROUBLES HER NEIGHBORS.—The most singular case of "night mare" that has come to our knowledge is reported of a hen in this city, that very often has a "spell" which arouses all the neighboring chickens. The owner has been himself repeatedly alarmed, and has made frequent dives at it, but a Chinaman, who were supposed to invade the cabins of his domesticated coop, but he finally gave up the chase, satisfied that it is only "a mare's nest."

RETURN OF DAN RICES' CIRCUS.—The circus company which exhibited in this city a few months since have returned from a very successful tour in the mining districts of the upper country. The troupe will occupy the block in front of Wells, Fargo & Co.'s Express office, where they will commence on Monday evening next a series of entertainments.

IMPROVEMENTS AT OREGON CITY.—The new manufacturing establishments at Oregon City are rapidly building up. The stone work is completed and a considerable portion of the brick work done on one of the most important edifices in the State, at that locality, and when it is completed it will be the means of stirring up great activity among our neighbors.

WARM WEATHER.—We are just now having a visitation of warm days and nights. The coolest of them are sufficient to stick the honey bee to his comb and melt lard in kegs. We have been waiting for such days to "kick up a breeze," but the people are so dull they will not.

A TRIP BY MOONLIGHT.—The steamer *John H. Couch* left this city last evening for Astoria and would make the trip through by moonlight. It was an excellent opportunity for a romantic ride. She will return to Portland to-night.

UNITED STATES CHRISTIAN COMMISSION—FACTS.—We have been presented with a very neat little pamphlet with the above title, for which we are indebted to Rev. Geo. H. Atkinson.

SANITARY CONTRIBUTIONS.—All ladies who are preparing articles for the State Sanitary Fair are requested to take them to the Baptist Church, on Tuesday morning Sept. 20th, between the hours of eight and ten o'clock, as the Committee wish to appraise and prepare to forward them.

Dysentery.—For Dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting tone to the intestinal mucous membrane, it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "SLIGHT COLD" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. "*Brown's Bronchial Troches*" give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*

REDINGTON & Co., San Francisco, Agents for the Pacific Coast.

Oregonians should test the merits of Dr. HOSTETTER'S STOMACH BITTERS. While it is highly palatable as a beverage, it is unequaled as an invigorator. In the pursuit of fortune at the mines, many persons are exposed to the attacks of complaints of the digestive organs, and of various kinds of fever. It is the very article that has so long been in demand at the mines. Its daily use will restore the tone of a deranged stomach, impart fresh vitality to the digestive functions, and cheer the spirits. Yet the Bitters is the safest of all stimulants. Let the miner who is exposed to hot and dry, wet and cold, be certain to obtain a supply of the genuine Hostetter Bitters, and he will find it a certain safeguard to health.—Sold by Druggists and dealers generally. jy26daw

Periodical Headache—so common in uncleared and marshy countries, Tic Douloureux, that most painful affection of the nerves of the face, are often only attacks of ague in *disguise*—proceeding from the same noxious influence. Jaundice, Dyspepsia and Diarrhea, are frequently but disguised forms of Intermittent Fever. Even Rheumatism and Epilepsy, often result from the same miasmal cause. For such, Dr. Osgood's India Cholagogue is an unfailing remedy. By striking at the root of these affections, it applies with equal certainty, as for the cure of Fever and Ague in its simplest forms.

Imitations are abroad! Be particular to enquire for *Dr. Osgood's India Cholagogue*. Sold everywhere.

We are in receipt of the manifest of cargo of the bark *Almatia*, Richardson Master, which sailed from San Francisco on the 2d. The bark *Clara B. Sutil* is in the Columbia river, with a choice cargo of fire wood lumber for Portland.

The markets for the week have been very active, and the demand for country produce is increasing.

Flour has advanced at a rapid rate for some days, and there is to-day no extra brands in market, having orders ahead in some instances for all that can possibly be supplied for a month to come.

The jobbing rates for country brands to-day range from $7 75 to $8 per bbl.

City dealers are offering for country produce, the following: Eggs 25@35 c.; Butter 25@37½ c.; Lard 16½@18 c.; Bacon 19 c.; Hams 22 c.; Potatoes $1 00 ₩ bushel.

Oats remain unchanged, selling 65 c.; Wheat $1 20.

We have nothing of particular consequence to note by way of wholesale transactions.

The yield of bullion remains firm, money is easy, and the drift of treasure still remains heavy with every shipment.

HOSTETTER'S

CELEBRATED

STOMACH BITTERS.

THE OPERATION OF THIS SANATARY REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretion and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to this as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers as well as strengthens the body, and its use is never followed by any reaction.

NewspaperARCHIVE®

NewspaperARCHIVE®

SENSIBLE AND FAIR.—The Sacramento *Union* tells of the wife of Dr. Peake having a gold watch, valued at $257 stolen from her room, and the police were put on the lookout. The *Union* continues:

Their suspicions pointed to a "high-toned cuss"—an intimate friend of the family. The officers took him in charge, and pumped and lectured him until he acknowledged his guilt, and showed where he had buried the property, which they recovered and returned. It appears that Dr. Peake does not desire the man prosecuted, but it seems to us that the matter is now beyond his control, and within the hands of the officers whose duty it is to bring all thieves and villains, without respect to "position," to justice. Had this fellow been a poor devil, without friends, and driven to the commission of the crime through want and despair, he would have been "snatched bald-headed." Let even-handed justice be dealt out in all such cases.

"BOB LINCOLN."—The Saratoga, N. Y. correspondent of Aug. 6th says:

Robert Lincoln, the President's son, is here, and it is related of him, by the way of showing that he is a chip of the old block, that when somebody asked him if he was a relative of the President, he answered, "Distant: about 400 miles." The smallest approach to a witty remark goes for a great deal in Saratoga in the summer season. I have heard this story six times in two days. The young gentleman is just out of Harvard College, and is a polite and popular youth.

The Hartford *Times*, echoing the sentiment of the rebel presses in the South, inquires in excitement, "can 20 Free States subjugate 14 Slave States?" The *Post* says in response:

It is a Yankee way of replying to one interrogation, by making another, but is it not a fair question to ask if "14 Slave States can subjugate 20 Free States?" which is in reality the experiment attempted by the inauguration of the present civil war.

NAILED.—The New York *Tribune* contains the following emphatic statement:

All telegraphic or other reports from Niagara or thereabouts implying that H. Greeley said anything, or sent any message, to Geo. N. Sanders, or any other rebel, involving or implying censure of the President of the United States, are gross fabrications.

PERUVIAN SYRUP,

OR PROTECTED

Solution of Protoxide of Iron,

Has been used with Great success in Curing

DYSPEPSIA,

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered State of the Blood, Female Complaints, Chronic Diarrhœa, Boils, Scurvy, the prostrating effects of Lead or Mercury.

GENERAL DEBILITY,

and all Diseases which require a

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

From well-known Citizens of Boston.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

Rev. JOHN PIERPONT,	THOMAS C. AMORY,
THOMAS A. DEXTER,	PETER HARVEY,
S. H. KENDALL, M D.,	JAMES C. DUNN,

Certificate of Dr. Hayes.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica. A. A. HAYES, M.D.,

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER.

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1855, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body, in the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price $1 per bottle. Prepared by Dr. H. Anders & Co. Physicians and Chemists, New York.

From the army, the navy—the bloody battle-field—the mansions of the rich and humble abode of the poor—from the office and the school desk—from the mountain top, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

RACEDSTEAD, WIS., Sept 16, 1864.

* * * I have been in the army hospitals for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me. C. A. FLAUTS.

* * * SOUTH WARSAW, O., July 28, 1863.

* * * One young man, who had been sick and not out of the house for two years with Scrofula and Erysipelas, after paying the best doctors $300 without benefit, has been cured by ten bottles of your Bitters. EDWARD WOUNALL.

The following is from the manager of the Union Home School for the Children of Volunteers:

HAVEMEYER MANSION, FIFTY-SEVENTH STREET,
NEW YORK, August 2, 1863.

DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs with most happy effect. One little girl in particular, with pains in her head, loss of appetite and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * * Respectfully, MRS. O. M. DEVOE.

* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.
REV. W. H. WAGGONER, Madrid, N. Y.

* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use. Thy friend, ASA CURRIN, Philadelphia, Pa.

* * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.
REV. C. S. CATHORN, Rochester, N. Y.

* * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.
SYKES, CHADWICK & CO.,
Proprietors Willard's Hotel, Washington, D. C.

* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect. G. W. ANDREWS,
Superintendent Soldiers' Home, Cincinnati, O.

* * * The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business. H. B. KINGSLEY, Cleveland, O.

* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.
C. C. MOORE, 254 Broadway, N. Y.
etc. etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivaled as a remedy for the permanent cure of the maladies above-mentioned, and also

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease in any way connected with the disorder or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind which was previously sunk in gloom or an almost idiotic apathy, becomes bright and active, and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGURY AND BURNING OR PAINFUL URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to it.

CONSTITUTION WATER.

Males or Females.

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.
